

CASE STUDY 03 / EDUCATION GROUP

Onboarding a new school term without the paperwork pile

Power Apps • Power Automate • SharePoint

A growing school group onboarded hundreds of staff and students each term through forms, spreadsheets and follow-up emails. We automated onboarding, clearance and visitor management into one connected suite.

3 days	Staff onboarding time (was 3 wks)
0	Lost clearance records
1 suite	Onboarding, clearance & visitors

“We opened a new campus without hiring extra admin staff.”

Administrator, education client | Stack: Connected suite, role-based access, audit trail
