

CASE STUDY 06 / HEALTHCARE & CLINICS

Patient intake in 4 minutes, on the phone

Power Apps • Power Automate • Dataverse

A multi-clinic operator was re-keying patient details from paper forms and losing follow-ups. A mobile Power App on the patient's phone, a clinician-side intake view and an appointments workflow cut admin in half.

4 min	Average patient intake
+38%	Follow-ups completed
1 view	Patient history, everywhere

“Our nurses stopped carrying clipboards. They carried phones.”

Operations Director, multi-clinic operator | Stack: Mobile intake, appointments, audit trail
